## New full-colour \$2 launched!

An important Australian legal tender coin, issued to honour all who have served Australia in times of conflict, the 2018 \$2 Lest We Forget AI-Br Coin Pack is a must-have for every collection.

Graced with a powerful full-colour design, the reverse motif was inspired by the Australian War Memorial's Eternal Flame – symbolising sacrifice and remembrance. A one-year-only issue, this type is sure to be hoarded out of circulation – as with every full-colour \$2 commemorative. It's extremely tough to secure full-colour \$2 commemoratives in change, and impossible to do so in Uncirculated condition.

Struck by the Royal Australian Mint, and presented within a custom-made credit card-style pack, don't miss this crucial opportunity to add this key type to your collection in strictly Unc.
